HARE - SLIPSTREAM

*Meteo:- Sunny with a starlight night for the lost hashers!  
There was a good turnout considering the extremity of South Hams territory and despite the many infirmities amongst the Harriets(more later).*

*The mattress called the Hash to order( knitting circle luckily absent) introducing the virgins and visitors. The Hare then gave the usual load of misinformation and we were off, BOOTSIE taking the opportunity of booting a large deposit of horse exhaust on MEAVYs direction. The hash was well laid and with an extra long gave the athletes a bit more scope, but BIG FOOT, feeling even more competitive, decided he would like to return in the dark and took other innocents on a further unofficial loop including SPARKIE who had been let out for the night by GOBBLER. PYTHAGORAS was seen finding a novel way of wearing knee pads - with tights round ankles adjust knee pads then pull tights up over them!*

*T.B. was absent as he is down for Darfor(Sudan) - first prize two weeks, 2nd prize six weeks! He was last seen entering Paignton Zoo for work experience involving camel riding. Did you know a camel can drink 40 gallons of water in one sitting - so riding a camel is rather like being on a water bed!! FOUR EYES is injured again, having been tripped up by JAILOR, did a slow motion dive and lacerated her arm and also her knee despite wearing knee pads! HOOKER was fed up with running up last hill and started limping. HT being the good samaritan went and got her car and gave her a lift back to car park. POACHER did he do the full trail?*

*Back in the pub FALLEN WOMAN was discussing the nuptials of the forthcoming wedding of her daughter. Wedding cakes was the main topic apparently M and S do a blinder for £60 but also can cost up to £300 for one with a fairy on top. HATRACK commented that was probably the weight of the bride!*

*Many of the above incidents was mentioned by the R.A. at the down downs but it was noted that SNIFFER still had her filthy trainers on - suggestion - sell them on E bay - don't wash them. B.S.E. was asked to do a twirl in her combat trousers - apparently the latest female fashion - noted she was minus dog on run. The dog is on a boat with her husband doing the dogwatch!*

*However the award winning effort goes to AH-SO. On a recent holiday she handed over passport in airport only to be told by the official it was a year out of date (she was convinced it had another month left on it!). Considerable expense ensued - trip to Newport for new passport, transport there and back, cancellation of flight and another later one paid for. Only fortunate part is she will avoid having to be fingerprinted and interviewed when new passport system comes in next year!!*

*ONON - GARDEN GNOME*
