Hash 506 .. The Forces Tavern .. Blackawton .. 09.05.07

What a night!
I could hardly open the car door, let alone stand listening to the announcements at the start of the run.
Well done Traffic and Gary for braving the elements to lay such a well marked trail – it needed to be!
Not such a huge group of us this week, but all seemed to enjoy the wet and windy run.
I think the venue should be renamed the 'Gale Forces Tavern'!!
The pub was really friendly laying a buffet for £3 a head.
A good evening was had by all.....DDG

ps...(from editor and Hare).....
DownDowns were awarded to ...Gary Glitter & Traffic Jam for providing the longest OnHome in recent history (and apologies for miscalculation of distance .. the map was remeasured and it was found that the shorts had done 5miles and the longs did a challenging 6 & a half .. all made worthwhile by the enchanting bluebell woods).
...Pullit for wearing sparkley Roman trainers.
...Troughie for being a novice short-cutter.
...SuzyWong for leading golfers astray.
...and No Thatch & Piddler for achieving 100 & 200 runs respectively.
... and was Meavy awarded one too??
